One day Campus Workshop on

Basics of Electronics and Embedded System Design

Digital Core Technologies Pvt. Ltd. (www.dicortech.com) is an Electronics Design house, based in Kakkanad, Kochi, offering Electronic Product Design Service to Partners worldwide.

As part of our [pre-recruitment process](#), we conduct a one-day workshop at selected institutes for the final year students of Electronics & Communication and associated branches. Based on the [active participation and performance of candidates in the workshop](#), shortlisted candidates will be considered for further recruitment procedures and the details of the same will be communicated accordingly.

For the batch of [students passing out in 2024](#), campus workshops are planned during August – October 2023 and one such workshop at LBS College, Kasargod is planned on **Wednesday, 20th September 2023**.

Who shall attend the Workshop?:

Students from ECE, EEE, Instrumentation and associated branches, with [genuine interest to build a career in the domain of Embedded / Electronics product design and development](#) can attend the workshop.

Good afternoon,

I'm Hari from BYJU'S HR. I hope this email finds you well. We are pleased to inform you that we are organizing an online campus drive for students at your college. This drive is open to students who have completed their graduation or as well as alumni who are still in search of job opportunities. We kindly request your approval to proceed with this placement drive. Once it is completed, I will send you a detailed report of the participating students.

Company Name: Byju's Think & Learn Pvt. Ltd

Role/Designation: Business Development Associate (BDA)

Salary: 4 LPA - 5.5 LPA (Fixed) + 3 LPA (Variable) = 8.5 LPA

Working Days: 6 Days

Note: This opportunity is available for candidates from the 2022 & 2023 batches, and course completion is mandatory.
