## From the Nodel officer's desk ...

Entrepreneur skills include skills like leadership, business management and critical thinking. For a student who wish to be an innovative entrepreneur, IEDC provides an excellent environment to build their ideas, leading to develop a business concepts, provides skills and competencies. I wish all the success for the new committee for 2023-24 academic year.

Sarith Divakar M  
Nodel Officer

## From the IEDC LEAD ...

I hope this message finds you well. As the lead of the Innovation and Entrepreneurship Development Centre (IEDC), I am delighted to reach out and share the exciting opportunities that lie ahead for aspiring entrepreneurs and innovators like yourself.

At IEDC, we believe that the power of ideas can change the world. We are dedicated to fostering an environment where creativity thrives and budding entrepreneurs can transform their visions into reality. Whether you have a groundbreaking startup concept, a social enterprise initiative, or a passion for technological innovation, IEDC is here to support and empower you throughout your entrepreneurial journey.

Whether you're a student, recent graduate, or an aspiring entrepreneur from the community, we welcome you to join the IEDC family. Together, let's create a culture of innovation and drive positive change in the world.

Remember, your ideas have the power to shape the future. Let's ignite innovation and empower entrepreneurship with IEDC!

# LEAP

LEAP (Launch|Empower|Accelerate| Prosper)

LEAP is a novel initiative of the KSUM(Kerala Startup Mission) which aims to provide startups with access to co-working spaces across the state through a single registration. LEAP will serve as the central hub for registered startups in Kerala, offering access to co-working spaces, schemes, and programs provided by Kerala Startup Mission. This program is designed to streamline the support and resources available to startups, ensuring their convenience and enabling them to focus on their growth and development.

# LEAP LAUNCH

IEDC LBSCEK student volunteers had the opportunity to volunteer for the state level launch of LEAP (Launch |Empower|Accelerate|Prosper). They efficiently provided the need-ful to the team and maintained the program nicely. Through this they were able to meet and interact with many investors and innovators and know about the ideas and how to build them. The students also had the opportunity to interact with many startups and entrepreneurs in expos conducted and got to know many things from there.

# YIP

Young Innovators Programme is a specially designed programme under Kerala Development and Innovation Strategic Council (K-DISC). The programme aims to empower future innovators to innovate new products, services or models to meet emerging requirements, unarticulated needs, or existing market needs of the society more effectively through an innovative challenge

## YIP 4.0 DISTRICT LEVEL EVALUATION

IEDC LBSCEK Student volunteers had the opportunity to volunteer the YIP 4.0 district level evaluation conducted by K-DISC on 24th June 2023 at LBS College Of Engineering Kasaragod. It provided a platform for participants to showcase their innovative projects, receive feedback from esteemed judges, and connect with industry professionals. This event aimed to identify projects with the most promising prospects for further development and implementation. Esteemed judges and industry experts provided valuable feedback to participants, offering insights, suggestions, and constructive criticism to further refine their projects.

This feedback aimed to guide participants towards realizing the full potential of their ideas. Also, volunteers had the opportunity to interact with the evaluator similarly got a chance to review the participants' idea.

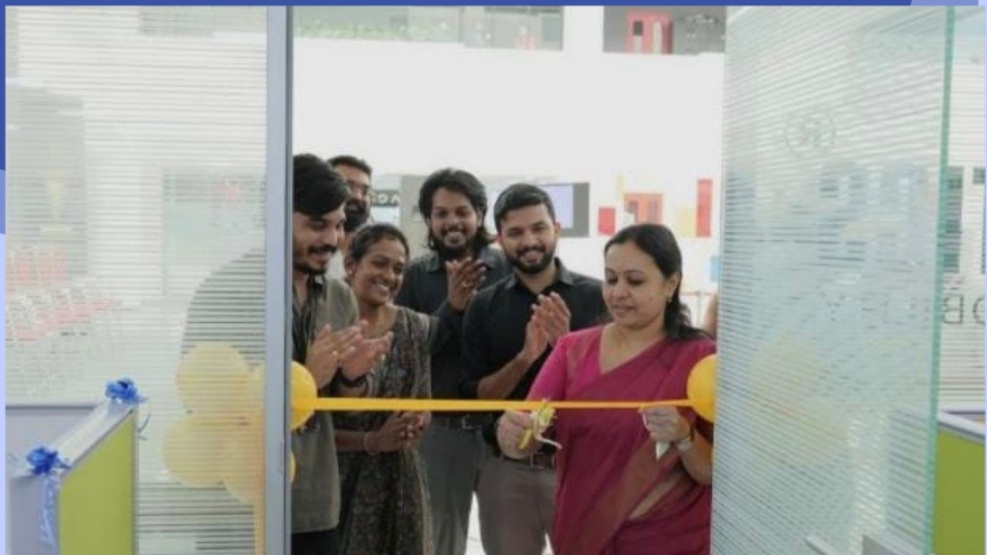

## GLOBAL EVENTS

Four students of a govt.School in Kerala won the 'Popular choice Award' at the TiE Global Student Pitch competition for pitching an idea on filter coffee capsules from cassava that will be organic, eco-friendly and travel - friendly.

## OPENS R&D UNIT AT TECHNOCITY

Genrobotic Innovations, a Kerala-based company that has come up with robotic solution in various sectors, has opened a new research and development (R&D) centre at Technocity in Thiruvananthapuram
